### **Humpin #851: “The Most Virgin Trail of the Year”**

Hares: Sucking SeaBiscuit, and virgin hares: Furry McNugget, Just Deborah (Dribbles) and Cheap Piece of Ass

Location: Rancho Bernardo Community Park

Total mileage: (last known consensus available by GPS): 9.67 miles @ 85°F

Start time: 3:40 – apparently the hares were lost setting the beerchecks

Average arrival time: ~4 hours

BORT & entourage arrival time: ~5.5 hours

FRB (Stunt Cock) ~3.5 hours

Approx. 1/3rd were lost on trail (mostly from trying to shortcut)

Number of traffic accidents: at least one (no injuries)

Beer arrived about 6:30pm... it DID make it before the pack arrived... sweet!!! Dansel and Lick Father had been guarding the B-van at the start because everyone's bags were sitting in an open truck. The hares had left no word on who or when someone was going to cum for the B-van. Luckily, Heaven's Gate came back from shortcutting and offered to wait with the B-van, so the beermeister could get the beer to the end.

Lots of concern went out for Gaylick and BORT... (they didn't get to the on-in until almost 9pm). BORT had accompanied a banged and bruised virgin to make sure she arrived safely. R\*nnng on DelDios Highway at night – pretty scary.

The call went out all week to bring out the virgins for this trail and they came – 9 virgins, 4 first time visitors and 7 mortals. Hopefully, they will realize that Humpin can make anything worse and will still want to cum back.

New Namings:

Just Deborah = Dribbles

Just Mary = Magnum be Gone

Just Jaime & Jerry - to be named next weekend instead

Humpin R\*n fee was raised to \$6 for this?

Definitely a trail to remember when it's time for Humpin Award nominations :-)
